

## Special conditions for “one e-banking integration”

---

### 1. e-banking integration

“one” is the digital service of Viseca Card Services SA that allows cardholders to call up their card transactions and other card information. Viseca Card Services SA also provides other services on “one”. Provided the cardholder's bank offers its customers the “one e-banking integration” service, the cardholder can directly access the e-banking platform of his/her bank after logging in and also access “one” and the data contained there without a further login. In addition, certain details about the card (e.g. the card transactions carried out since the last monthly bill) can be made available directly to the cardholder on the e-banking platform every time he/she logs in.

---

### 2. Login/registration for “one e-banking integration”

Cardholders who wish to use this service must register at one.viseca.ch and can then log into “one e-banking integration” directly on the e-banking platform of their bank. Cardholders who are already registered with “one” can log in on the e-banking platform of their bank for “one e-banking integration”. Cardholders can deactivate “one e-banking integration” at any time.

---

### 3. Fees/charges

Viseca Card Services SA does not charge the cardholder any fees or charges for this service.

---

### 4. Consent

The cardholder should be aware that the bank and other possible third parties commissioned by the bank with the operation of the e-banking platform may obtain access to customer details and/or transaction details of the cardholder. The cardholder hereby grants his/her express consent to the transmission of such customer and transaction data from Viseca Card Services SA to the bank for the purpose of being able to make this data available to the cardholder on the e-banking platform of the bank. The bank is bound to strict confidentiality about this data and shall neither use the data for its own purposes nor store such data permanently.

---

### 5. Other provisions

These terms and conditions shall have priority in the event of any contradictions between these special conditions and the valid terms and conditions for the use of payment cards of Viseca Card Services SA. Furthermore, in addition to the present provisions, those provisions of which the cardholder was notified when logging in or registering for “one” and any other online services continue unchanged.
